COMPANY / CAPABILITY OVERVIEW

- **Company:** Founded in 1959, HMG is an experienced heavy engineering business with a strong team and Board.
- **Competency:** We offer a wide variety of repair and refurbishment options as well as an ability to design and manufacture components to original equipment manufacturer (OEM) standards.
- **Capabilities:** Turning - CNC (5 axis) and Manual up to 16,000mm length and 1,200mm diameter. Grinding - up to 8,000mm. Honing - up to 8,000mm. Milling - up to 1,600mm x 1,400mm table, Boring - up to 500mm diameter. Testing, Finishing, Fabrication and Blasting. Crack testing, ultrasonic testing, mag particle testing and Dye Pen testing of steel and welds also available.
- **Shareholders:** Our business is backed by Pemba Capital Partners who are a mid-market private equity investor that began operating in 1998. The firm is independently managed by its partners but has the financial backing of HarbourVest Global Private Equity, a FTSE 250 Index listed company.

CAPABILITY

DIVERSIFICATION FOCUS

- Oil and Gas
- Dredging
- Marine cylinders
- Large Industrial cylinders
- Advanced surface finishing technologies

COMPETITIVE DIFFERENTIATORS

- HMG has over 150 staff, 95% trades.
- Facility is 20,000m² with 9,700m² under roof.
- Chromium Plating facility 3,000m².
- Plating capacity 8,500mm shafts to 550mm diameter.
- High Velocity Oxygen Fuel (HVOF) and ARC spray.
- Shifts: 24/5 days (7 days available).
- Commercial blasting and painting facility.
- Solid Works 3D engineering package and R&D capable via QUT Metallurgy.
- Steel: Forgings, Hollow Bar, Micro Alloy Steel, Bronze, Bright steels within Australia and Global.
- Lead times from “go-ahead” DIFOT ex works is 25 days / Warranty 5,000 hours.
- 100% traceability of jobs, inspections, scopes, quality, testing and commercials.
- American Petroleum Industry Q1 qualification certified and Q2 compliant.

CORE BUSINESS PARTNERS

Long term (5 years+) partners include:

Hitachi	Thiess (CIMIC)	Barrick Porgera	Glencore
Komatsu	Harmony Gold	Anglo America	Yancoal
Caterpillar	Rio Tinto	Leightons Group	Hastings Deering
Newcrest	Freeport Mining	Fortescue Metals	BHP
FLSmidth	Downer	OK Tedi	WesTrac

NEW ENGAGEMENT

- Australian Submarine Corporation, ASC, Defence
- National Oilwell Varco, NOV – Oil and Gas
- Hannon Hydraulics – Oil and Gas
- Cameron Australasia – Oil and Gas
- Baker Hughes a GE Company – Oil and Gas
